

Reaching AMKD Patients in Primary Care

A go-to-market recommendation for inaxaplin, prepared for Vertex Pharmaceuticals

Vidhur Vashisht · Skylar Dennerlein · Mike Homze · Christian Woodfin · October 2026

Carnegie Mellon University
Tepper School of Business

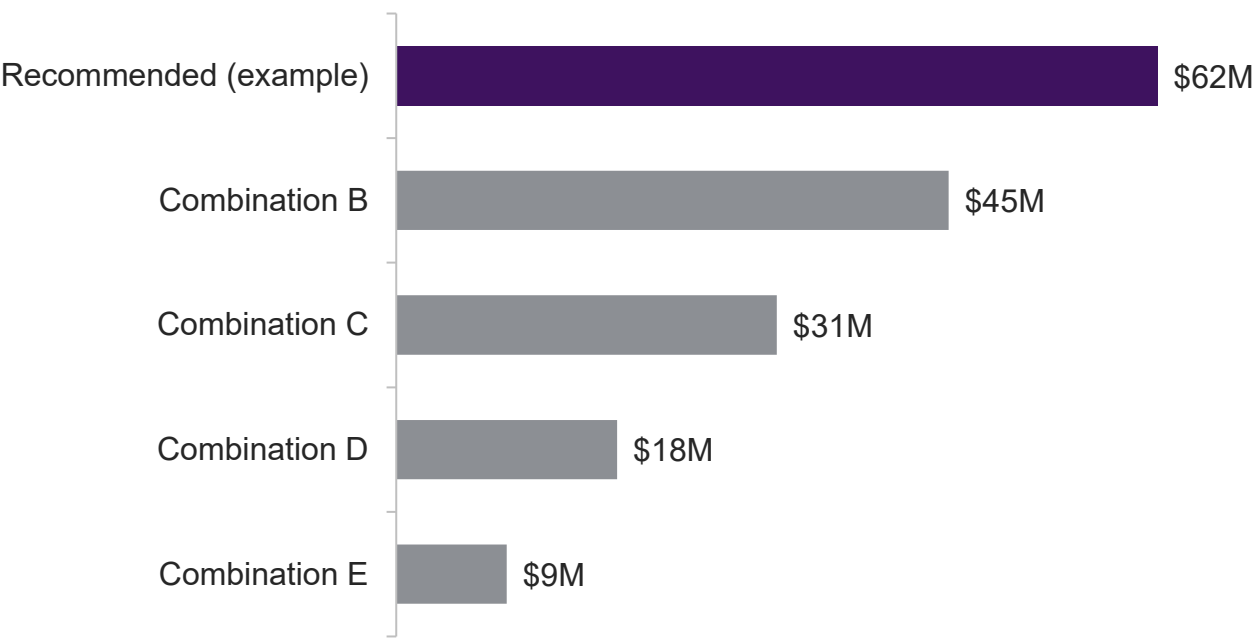

Placeholder title: the highlighted combination returns \$62M in this sample, \$17M more than the next one

- **Titles:** one full sentence, at most two lines
- **Bullets:** fragments of 12 words or fewer, each with a number
- **Accent:** Vertex purple marks our recommendation on every chart
- **Alternatives:** gray #8C8F94, never red
- **Assumptions:** each team value carries its register ID (A-01)

\$62M

sample headline figure, placeholder data (A-01)

Added risk-adjusted NPV by combination, \$M (placeholder data)

Sources: [1] Sample source name, 4/19/26, p. 5. A-01 = team assumption ID from the assumptions register.
Placeholder data for theme review only; these are not results. Theme option A: sponsor-forward (recommended).
